

25.06.2014 Business Excellence and Service Recognition Awards

In recognition of its commitment to excellence and continuous improvement, the Spanish regional government gave a Stamp of Excellence to the Zaragoza plant.

To obtain the recognition, the Zaragoza facility achieved more than 400 points in an external audit based on EFQM, similar to the Malcolm Baldrige National Quality Award in the United States.

This year's award theme was "Company and Talent," representing the need for businesses to maintain innovation and adaptability in order to stay competitive.

A group of ten Dana employees in the Quality, HR, Engineering, Maintenance, and Manufacturing departments attended the ceremony.

About Dana in the Aftermarket

Dana, a leading supplier of drive trains, sealing systems and thermal management products worldwide, also presents a broad spectrum of

About Dana Incorporated

Dana is a leader in the design and manufacture of highly efficient propulsion and energy-management solutions that power vehicles and machines in all mobility markets across the globe. The company is shaping sustainable progress through its conventional and clean-energy solutions that support nearly every vehicle manufacturer with drive and motion systems; electrodynamic technologies, including software and controls; and thermal, sealing, and digital solutions.

Based in Maumee, Ohio, USA, the company reported sales of \$10.3 billion in 2024 with 39,000 people in 30 countries across six continents. With a history dating to 1904, Dana was named among the "World's Most Ethical Companies" for 2023 and 2024 by Ethisphere and as one of "America's Most Responsible Companies 2023" by Newsweek. The company is driven by a high-performance culture that focuses on valuing others, inspiring innovation, growing responsibly, and winning together, earning it global recognition as a top employer.
